

Apologies received from Jan Williams and Alex Haslem.

1. LOGO

We selected a logo from the children's work, which Sam Cutler will take back to school and ask the child to re work it for the final draft.

The leaflet is not yet finished as Jan would like to wait for the logo.

2. FINDING LAND

It was agreed that we need to start work on the Management plan before we approach anyone regarding land.

Maria will try and get a detailed map from the Land Registry.

3. MANAGEMENT PLAN

It was agreed that it is very important to start on this and the next meeting will be largely dedicated to this.

Nigel will bring copies of a management plan from a similar project and we will go through it together at the next meeting.

4. 'SEED TO TREE' PROGRAM

The aim is to have An inagural day at the end of Sept.

This will involve;

Am: The school children collecting seeds, acorns etc and planting them in raised beds. Pm: Assembly for parents and landowners.

It was suggested that we ask landowners in advance if the children can collect seeds from trees on their land and that they are invited to the assembly.
